

Assistant Teacher for Children's Program

We are looking for an assistant teacher to support a multi-age children's program at Common Street Spiritual Center in Natick, 1-2 Sunday mornings per month. Our program supports diversity while we explore values like kindness and courage, and celebrate holidays from many religious traditions. We have snack, do artistic activities, play games, have a circle where we share about the themes, sing, and listen to stories. Assistant responsibilities would include setup and cleanup, helping with activities, supporting children as needed, getting supplies ready, and some preparation ahead of time. The ideal candidate would have experience with children, be good with arts, crafts, and games, play an instrument or sing, and be energetic and willing to support the class and the lead teacher. Approximate time would be from 9:45-12:30 with classes on the 3rd and 5th Sundays per month, with additional preparation time during the week. Approximately 4-6 hours per week when there's a class; \$22/hour. Start date September 14. Please contact Jennifer Goodman at Jennifer@CommonStreet.org with a brief cover letter, resume, and two references.
