This is a line above \starttyping:

```
1. this is typing (and has space above and below)
```

This is a line below.

This is a line above \starttyping[before=,after=,]
```
2. this is typing (and has NO space above or below, just as I want)
```
This is a line below.

```
                  *** \setupwhitespace[big] now in effect ***
```

This is a line above \starttyping:

```
3. this is typing (and has space above and below just like '1.')
```

This is a line below.

This is a line above \starttyping[before=,after=,]

```
4. this is typing (and has space above and below, even with [before=,after=,])
```

This is a line below.

This is a line above \starttyping[before={\blank[disable]},after={\blank[disable]},]
```
5. this is typing (and has space below, even with
                [before={\blank[disable]},after={\blank[disable]},])
```

This is a line below.

This is a line above \starttyping[before={\blank[order:99,0pt]},
                          after={\blank[order:111,disable]}]
```
6. this is typing (space above cancelled, space below still there, even
                with after={\blank[order:111,disable] (or order:1,...)
```

This is a line below.
