

On the Cookie-Eating Habits of Mice

Version 7.7.0.5

June 23, 2020

If you give a mouse a cookie, he's going to ask for a glass of milk.

1 The Consequences of Milk

That “squeak” was the mouse asking for milk. Let’s suppose that you give him some in a big glass.

He’s a small mouse. The glass is too big—way too big. So, he’ll probably ask you for a straw. You might as well give it to him.

The *term* is defined here.

2 Not the Last Straw

For now, to handle the milk moustache, it's enough to give him a napkin. But it doesn't end there... oh, no.

It should jump to the term instead of jumping to the section defining that term.

Same problem with `elementag` and `elemref`.
